REQUEST FOR PROPOSAL – US 6 BRIDGES DESIGN-BUILD PROJECT
INSTRUCTIONS TO PROPOSERS

FORMS

Form A	Proposal Letter
Form B	Proposer/Major Participant Information
Form C	Non-Collusion Affidavit
Form D	Buy America Certification (FHWA)
Form E	Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
Form F	Certification Regarding Use of Contract Funds for Lobbying
Form G	Certification of Compliance with Equal Opportunity Clause Requirements
Form H	Escrow Agreement
Form I	Key Personnel Information
Form J	Guaranteed Maximum Price Allocation Form
Form K	(Reserved)
Form L	Proposal Bond
Form M	Opinion of Counsel
Form N	Payment Bond
Form O	Performance Bond
Form P	Completion Deadlines
Form Q	Additional Requested Elements
Form R	Additional Design Exceptions Form
Form S	OCIP (OCIP – S(1)/OCIP-A)

Instructions to Proposers

1.0 INTRODUCTION

CDOT has issued this Request for Proposals (RFP), dated October 15, 2012 to solicit competitive Proposals for a Design-Build Contractor (“Contractor”) to enter into a Contract (“Contract”) to design and construct the US 6 Bridges Design-Build Project (the “Project”). Proposals will only be considered from those Proposers (“Proposers”) that were notified in writing by CDOT that they were short-listed under CDOT’s Request for Qualifications (RFQ) issued on August 24, 2012.

This document constitutes the Instructions to Proposers (ITP) for the RFP. Proposers should not rely solely on the limited information contained in this ITP, but instead should also refer to the appropriate sections of the RFP Documents for specific information and requirements.

1.1 Certain Definitions

As used herein, the term “Major Participant” means any of the following entities: all general partners or joint-venture members of the submitter; all individual(s), person(s), proprietorship(s), partnership(s), limited-liability partnership(s), corporation(s), professional corporation(s), limited-liability company(ies), business association(s), or other legal entity, however organized, holding (directly or indirectly) a 25% or greater interest in the submitter; any subcontractor(s) that will perform Work valued at 30% or more of the overall Contract amount; the lead engineering/design firm(s); and each engineering/design sub-consultant that will perform 30% or more of the design work

CDOT may disqualify a submitter if any of the submitter’s Major Participants belong to more than one submitter organization.

Book 1, Exhibit A, contains the definitions of various other terms used in the RFP and not defined herein.

1.2 Request For Proposals Documents

The RFP package includes the following documents (“RFP Documents”):

1. Instructions to Proposers.
2. Contract Documents.
 - A. Book 1, Design/Build Contract.
 - B. Book 2, Technical Requirements.
 - C. Book 3, Applicable Standards, Data, and Reports.
 - D. Book 4, Contract Drawings.
3. Reference Documents (for information only).

The Contract Documents will include Books 1 through 4. The Proposal will also be a Contract Document to the extent set forth in Book 1.

1.3 Project Description

The Project description is as set forth in Book 2, Section 1.0 of the Contract Documents.

1.4 Project Funding

The Project will be funded with a combination of Colorado Bridge Enterprise, State, Federal, and local funds. Proposers must comply with all applicable Colorado Bridge Enterprise, Federal, State, and local requirements.

1.5 Project Goals

The Project goals, as set forth in Book 2, Section 1.0 of the Contract Documents, have been established for execution of the Project and are the basis for evaluation of the Technical Proposal.

1.6 Guaranteed Maximum Price (GMP)

The Work required for the Basic Configuration of the Project plus any Additional Requested Elements (AREs) and portions of AREs included in the Proposal shall not exceed the individual GMPs of \$50,000,000 for Bridge Enterprise and \$56,000,000 for non-Bridge Enterprise elements of the Project and as further described in the ITP Section for Best Value Determination. The Basic Configurations for Bridge Enterprise and non-Bridge Enterprise GMP elements are as set forth in Book 2, Section 1.0 of the Contract Documents. The Bridge Enterprise GMP shall not include any non-Bridge Enterprise Basic Configuration elements or non-Bridge Enterprise AREs.

1.7 Additional Requested Elements (AREs)

CDOT has identified AREs that it desires to have the Proposers include within the Guaranteed Maximum Price, or Fixed Price as further described in the ITP Section for Best Value Determination, and incorporated into the Basic Configuration as part of the Contractor's Proposal. Only entire fully functional, safe and operational AREs will be considered for Approval and shall be presented in accordance with the Section further describing the Proposal Process. The AREs are as set forth in Book 2, Section 1.

1.8 Options

- NOT APPLICABLE TO THIS PROJECT-

1.9 Contract Drawings and Reference Documents

The Contract Drawings are Contract requirements. Subject to the Contractor's right to a Change Order set forth in the Contract, with respect to Necessary Design Changes, the Proposer has sole responsibility for reviewing the preliminary design and assessing its adequacy or inadequacy to meet the Contract requirements.

The Contractor is not required to conform to the drawings included in the Reference Documents except to the extent referenced by the Basic Configuration description set forth in Book 2, Section 1, and to the extent specifically permitted in the Contract Documents (excluding the Proposal Documents), although such documents contain design solutions and other information that the Proposer may find valuable in meeting the requirements of the Contract Documents and in reducing Project costs. The Reference Documents may contain cost-effective design solutions, which, without substantial changes, meet the Contract requirements. Nonetheless, regardless of the level of completion or suitability of any portion of the Reference Documents, the Contractor shall be solely responsible for Project design and CDOT shall have no liability or obligation as a result of design work contained in the Reference Documents. The Reference Documents are provided solely for Proposer's reference and are without representation or warranty by CDOT, unless specifically stated otherwise in Book 1.

1.10 Notice to Proceed

CDOT will complete the procurement process and issue the First Notice to Proceed (NTP1) within 30 Days after selection.

1.11 Procurement Schedule

The following dates are anticipated, and subject to modification, for Project milestones leading to the Award of the Contract:

MILESTONE	DATE
Issue RFP	October 15, 2012
Session #1 of one-on-one confidential meetings for Book 1 clarifications (first meeting only), Alternative Technical Concepts (ATCs) and Alternative Configuration Concepts (ACCs) with Proposers	October 23, 2012 Thru October 29, 2012
Session #2 of one-on-one confidential meetings for Alternative Technical Concepts (ATCs), Alternative Configuration Concepts (ACCs) and submittal of ATCs and ACCs to CDOT	November 6, 2012 Thru November 12, 2012
Session #3 of one-on-one confidential meetings for Alternative Technical Concepts (ATCs), Alternative Configuration Concepts (ACCs) and Submittal of ATCs and ACCs to CDOT	November 26, 2012 Thru November 30, 2012
Last Day for CDOT comments prior to Proposal ATC and ACC Submittals	December 7, 2012
Last Day for Requests for Clarifications (RFCs) and Requests for Information (RFIs)	January 11, 2013
Last Day for CDOT response to RFCs and RFIs	January 16, 2013
Final Addendum to RFP issued	January 17, 2013
Proposal Due Date	February 15, 2013
Escrowed Proposal Documents (EPDs) due Date	No more than five Days after February 15, 2013
Selection notification	March 7, 2013

2.0 PROPOSAL PROCESS

2.1 Confidentiality

Subject to applicable law, CDOT will use reasonable efforts to maintain confidentiality during the Proposal process. The foregoing shall not preclude CDOT from using ideas in accordance with the Contract Documents.

2.2 Pre-Proposal Meetings

2.2.1 One-on-One Meetings

CDOT will offer up to three sessions for meeting with Proposers as identified in the Procurement Schedule of the Instructions to Proposers. Each Proposer may have no more than two meetings per session, with a duration as identified below.

The first meeting of session one shall be utilized by all Proposers to provide the opportunity for clarifications of Book 1 of the RFP. The meeting shall be no longer in duration than four (4) hours.

The second meeting of session one, and all subsequent meetings of session two and session three, shall be for the purposes of ACC/ATC meetings with each Proposer. These meetings shall be no longer in duration than three (3) hours.

The Proposer shall provide the proposed agenda for each meeting three (3) Working Days in advance of the meeting date, along with any requests for attendance by any technical experts relevant in the matters to be discussed.

Kevin Sullivan is the CDOT Project Director. As the Project Director, Mr. Sullivan is CDOT's sole contact person and addressee for receiving all communications regarding the Project. All inquiries, comments and scheduling of meetings regarding the Project shall be sent by e-mail. The meetings will be held at a location of the Proposer's choice, within the Denver metro area.

E-mail inquiries, comments and scheduling of meetings regarding the Project shall be sent to:

- Dot_US6bridges@state.co.us and shall include the wording "Inquiry Request" in the "subject" line.

2.3 Pre-proposal Submittals

2.3.1 Alternative Configuration Concepts (ACCs) and Alternative Technical Concepts (ATCs)

CDOT encourages the Proposer to recommend alternatives to the Basic Configuration as described in Book 2, Section 1. The Basic Configuration is a Contract requirement except to the extent that it is superseded by pre-Approved ACCs under this Section.

CDOT also encourages the Proposer to recommend alternatives to the technical requirements of Quality Management, Geotechnical, Pavement (except for pavement type), Earthwork, Drainage, Roadways, Structures, Maintenance of Traffic, Public Information, Signing, Pavement Marking, Landscaping and Intelligent Transportation Systems that are equal or better in quality or effect with Contract Document requirements (as determined by CDOT in its sole discretion). Recommended alternatives to these requirements found in Book 2, Sections 2 through 20 shall be considered ATCs under this Section.

Other RFP requirements are not subject to the ATC/ACC process.

REQUEST FOR PROPOSAL – US 6 BRIDGES DESIGN-BUILD PROJECT
INSTRUCTIONS TO PROPOSERS

Except for incorporating ATCs/ACCs with written responses from CDOT, the Proposal may not otherwise contain exceptions to or deviations from the requirements of this RFP.

The ATC/ACC submission must include:

1. Identification: A sequential ATC/ACC number. Multi-part or multi-option ATCs/ACCs shall be submitted as separate ATCs/ACCs with unique sequential numbers.
2. Description: A description and conceptual drawings of the configuration of the ATC/ACC or other appropriate descriptive information.
3. Usage: An explanation of where and how the Proposer would use the ATC/ACC on the Project.
4. Deviations: References to the RFP requirements with which the ATC/ACC is recommended as an alternative, an explanation of the nature of the alternative from the RFP requirements with revisions shown to the related text of the Contract Documents, and a request for Approval of such alternative.
5. Analysis: An analysis justifying the Proposer's use of the ATC/ACC and why CDOT should allow the alternative from the RFP requirements.
6. Impacts: A preliminary analysis of potential environmental impacts/clearances (including NEPA reevaluations), community impacts (including additional public involvement), safety impacts, and maintenance and operational impacts that the Proposer would be required to complete as part of the Work.
7. Cost and Benefit Analysis: A detailed breakdown of any savings that would accrue to CDOT as a result of the ATC/ACC or a statement to the effect that there are no such cost savings. If a savings is realized, where will the savings be applied to maximize Project scope and if it reduces the GMP.
8. Schedule Impacts: An estimate of any impact to the schedule necessary to design and construct the Project resulting from implementing the ATC/ACC, as well as a schedule graphically showing the ATC/ACC impact or a statement to the effect that there are no such impacts.
9. Risks: A description of any additional risks to CDOT or third parties associated with implementation of the ATC/ACC.
10. Quality: A description of how the ATC/ACC, in terms of quality and performance, is equal to or better than the RFP requirements.
11. Right-of-Way: A description, estimated cost, and procurement schedule of any additional right-of-way required to implement the ATC/ACC as part of the Work.
12. Any other information required by CDOT.

In the event that implementation of an ATC/ACC will require Governmental/environmental Approvals/clearances, the Proposer shall have full responsibility for obtaining any such approvals/clearances. If any required approval/clearance is not subsequently granted, with the result that the Proposer must change its approach to meet the original requirements of the Contract Documents, the Proposer will not be eligible for a Change Order that increases the Contract Price or extends the Completion Deadline.

2.3.2 CDOT's Review of Alternative Technical Concepts and Alternative Configuration Concepts

CDOT intends to review the ATCs/ACCs and provide verbal comments, as determined in CDOT's sole discretion, to each Proposer during one-on-one meetings in advance of submission. Verbal comments shall not be considered Approval or denial of the proposed ATCs/ACCs.

CDOT's written response to submitted ACCs will be limited to one of the following statements:

1. The ACC is Approved.

2. The ACC is not-Approved.
3. Identification of any conditions that must be met to Approve the ACC.

CDOT's written response to submitted ATCs shall be limited to one of the following statements:

1. The ATC appears to be generally acceptable and is equal or better in quality or effect (as determined by CDOT at its sole discretion) with Contract Document requirements.
2. Identification of areas in which the ATC appears to be inconsistent with the Contract Document requirements and is not equal or better in quality or effect (as determined by CDOT at its sole discretion).

The Proposer may elect to incorporate approved ATCs/ACCs (if any) as part of its Proposal.

If CDOT responded to an ACC by stating any conditions that must be met to Approve the ACC, those ACCs the Proposer elects to incorporate into its Proposal shall incorporate such ACC with the stated conditions into the Proposal at its own risk and the Proposer shall be responsible to comply with such ACC conditions if Awarded the Contract.

Copies of CDOT's ATC/ACC response letters for each incorporated ATC/ACC shall be included in the Proposal.

Except for incorporating ATCs/ACCs , in accordance with these and other Contract Document requirements, the Proposal may not otherwise contain exceptions to or deviations from the requirements of the RFP.

2.3.3 Pre-Proposal Submission of Alternative Technical Concepts and Alternative Configuration Concepts

CDOT ATC/ACC meetings with each Proposer, if any, are subject to the Colorado Open Records Act. All discussions with the Proposers regarding ATCs/ACCs will remain confidential.

The Proposer shall submit two copies of its desired ATCs/ACCs in a sealed container no later than the date shown in the Procurement Schedule to:

Kevin Sullivan, Project Director
c/o Hartwig & Associates, Inc.
188 Inverness Drive West
Suite 675
Englewood, CO 80112

Clearly shown on the outer cover of the container shall be the following:

- Identity of the Proposer
- Alternative Configuration Concepts (or Alternative Technical Concepts as applicable) for the US 6 Bridges Design-Build Project, Project No. BR 00061-083, Subaccount Number 18838." The words "**CONFIDENTIAL – PROPRIETARY INFORMATION**" shall be clearly shown on the outer cover of the container.

2.3.4 General

CDOT anticipates that comments provided to each Proposer will be sufficient to enable the Proposer to make any necessary changes to its ATCs/ACCs. However, if the Proposer wishes additional clarification regarding necessary changes, the Proposer may provide a written request for clarification under subsequent procedures.

2.4 Proposal Structure, Format, and Quantities

2.4.1 Proposal Structure

REQUEST FOR PROPOSAL – US 6 BRIDGES DESIGN-BUILD PROJECT
INSTRUCTIONS TO PROPOSERS

The Proposal shall contain the volumes listed below and shall respond fully to all applicable requirements of the RFP.

Volume I	Executive Summary
Volume II	Proposer Information and Certifications
Volume III	Technical Proposal, Technical Proposal Drawings, ACCs and ATCs and Price Information

2.4.2 Proposal Format

The Proposer shall adhere to the format and minimize page count by presenting information as clearly and concisely as possible. Documentation that is difficult to read may be rejected and may lead to disqualification. Justification shall be provided for any significant deviation from these guidelines.

The format is provided to promote uniformity in the responses to the RFP and to facilitate the evaluation process.

1. Text

Text shall be in English in a standard font, a minimum of 11 point type in height, single-spaced. A minimum font of 8 point type in height shall be used for tables, figures, drawings, and graphics.

2. Pages and Page Numbering

For purposes of this Proposal, “page” shall mean one side of an 8.5- x 11-inch wide/white paper except where 11- x 17-inch is specifically allowed. In CDOT’s continued environmental efforts in “Going Green”, Proposers are encouraged to use two-sided format, rather than one side only for 8.5 x 11-inch pages.

Drawings shall be submitted on 11- x 17-inch wide/white paper and shall not be two-sided to facilitate review and reproduction.

Schedule plots, if the Proposer chooses to provide them, shall be on 11- x 17-inch wide/white paper, folded, and inserted in an envelope or similar holder that is incorporated into the related submitted volume.

Pages must be numbered in each volume consecutively; (i.e., Volume I-1, Volume I-2, Volume II-1, Volume II-2, etc.). Page numbers shall be centered at the bottom of each page.

3. Binding and Dividers

Each volume shall be bound in loose-leaf binders, with dividers separating each section, which will allow pages to be easily added or removed. Pages containing materials with proprietary, trade secrets, or confidential information should be clearly marked as such. In addition, the covers of any volumes containing any proprietary, trade secrets, or confidential information shall be marked accordingly.

4. Reproduction

The information presented in the Proposal shall be easily reproducible by common black and white photocopying machines.

5. Color Photographs, Renderings, Brochures, Color photographs, renderings, and brochures shall be adequately bound and suitably protected for handling and circulation during review.

2.4.3 Number of Copies

The Proposer shall provide 1 complete original hard copy of each Volume of the Proposal, clearly labeled “Original.”

In addition, the Proposer shall submit duplicate hard copies for each Volume as outlined below. Each duplicate hard copy must be identified in the upper right-hand corner of its front cover as “Copy ? of (DEFINE NUMBER OF COPIES) Copies.

1. 10 duplicate hard copies of Volume I Executive Summary
2. 2 duplicate hard copies of Volume II Proposer Information and Certifications
3. 10 duplicate hard copies of Volume III Technical Proposal, Technical Proposal Drawings, ACCs and ATCs, and duplicate hard copies of Price Information

The Proposer shall also submit one (1) electronic copy of the Proposal (in PDF format). Each entire Volume of the Proposal shall be submitted on a separate CD, which shall be included with the original hard copies of that Volume. The electronic copy may include Proposal forms that are not executed.

2.5 Submission of Proposals

The Proposal, as defined, must be received at the address set forth below by **10:00 a.m., Mountain Time**, on the Proposal Due Date, as shown in this ITP. It is the Proposer’s sole responsibility to see that its Proposal is received as required. Proposals received after the date and time due shall be rejected without consideration or evaluation.

One original document shall be submitted in a separate sealed containers. The original document shall have signature(s) of the authorized representative(s) of the Proposer’s organization in BLUE ink and shall have the word “ORIGINAL” clearly marked on the outer cover of each volume in the set.

The sets shall clearly show on the outer cover and the packing container the following:

- Identity of the Proposer
- Proposal Volume ?, Original or Copy ? of (DEFINE NUMBER OF COPIES) Copies, for the US 6 Bridges Design-Build Project, Project No. BR 00061-083, Subaccount Number 18838.
- The words “**CONFIDENTIAL – PROPRIETARY INFORMATION**” shall be clearly shown on the outer cover of the container for such information.

The Proposer shall submit the sealed containers to:

Kevin Sullivan, Project Director
c/o Hartwig & Associates, Inc.
188 Inverness Drive West
Suite 675
Englewood, CO 80112

2.6 Evaluation of Proposals

2.6.1 Responsiveness Evaluation

The Proposals, will be reviewed for:

1. The Proposal’s conformance to the ITP instructions regarding organization and format.
2. The responsiveness of the Proposer to the requirements set forth in the RFP.
3. Minor informalities, irregularities, and apparent clerical mistakes that are unrelated to the technical content of the Proposals.

4. Compliance with the pass/fail criteria set forth in this ITP.

CDOT will have the right to submit written questions to the Proposers regarding the Proposals for the following purposes:

1. Resolving any uncertainties or to obtain clarifications concerning the Proposal.
2. Resolving any suspected mistakes by calling them to the attention of the Proposer.
3. Providing the Proposer a reasonable opportunity to submit any revision to its Proposal that may result from the questions.

Those Proposals not responsive to this RFP may be excluded from further consideration and the Proposer will be so advised. CDOT may also exclude from consideration any Proposer whose RFP contains a misrepresentation.

2.6.2 Guaranteed Maximum Price

As part of the responsiveness evaluation, CDOT will determine whether the Proposer has indicated on Form J that its Technical Proposal and any ATCs/ACCs, submitted in accordance with these ITP and other Contract Document requirements, have not exceed the individual Guaranteed Maximum Prices of \$50,000,000 for Bridge Enterprise and \$56,000,000 for non-Bridge Enterprise elements of the Project and as further described in the ITP Section for Best Value Determination. Also, CDOT will determine if the Bridge Enterprise GMP includes any non-Bridge Enterprise Basic Configuration elements or non-Bridge Enterprise AREs. Only elements within the scope for each are allowed.

2.6.3 Evaluation Criteria

A summary of the Proposal evaluation criteria is provided as follows:

Table 2.1 EVALUATION CRITERIA	
Volume	Evaluation Factor
Volume I: Executive Summary	Not Ranked
Volume II: Proposer Information and Certifications	Pass/Fail
Volume III: Technical Proposal	100 points total
Section 1	40 points
Section 2	40 points
Section 3	20 points

2.6.4 Pass/Fail Criteria

The Proposer Information and Certifications, and Price Information, will be evaluated on a “pass/fail” basis. A Proposal must receive a “pass” for the Proposal to be further evaluated.

Failure to achieve a “pass” rating on a “pass/fail” factor or sub-factor may result in the Proposal being declared non-responsive and the Proposer being disqualified.

Failure to submit information in the manner, format, and detail specified herein might result in the Proposal receiving a “fail” rating and being declared non-responsive.

2.6.5 Ranking Criteria for Volumes III

Ranking Criteria for the Technical Proposal are addressed in detail in Section 3 of this ITP.

2.7 Additional Information

CDOT may at any time request additional information or clarification from the Proposer or may request the Proposer to verify or certify certain aspects of its Proposal.

2.7.1 Oral Presentations

CDOT reserves the right to invite the Proposers to make oral presentations in accordance with guidelines established by CDOT.

2.8 Best Value Determination/AREs

Award of the Project will be based on a Best Value determination. The ranking of each of the Proposals shall be an assessment of price and the Technical Proposal.

Initially, if none of the Proposers include 100% of the AREs in their Proposal, the Proposer who has the highest ranked Technical Proposal, will be selected by CDOT.

If two or more Proposers include 100% of the AREs, their total price (Proposer's Price) is at or below the equivalent ITP total price of the combined GMPs for Bridge Enterprise and non-Bridge Enterprise elements, and their Technical Proposals are ranked higher than all other Proposer's scores, the Best Value determination and selection will then be based on assessment of price and the Technical Proposals between only those Proposers.

Accordingly, determination of the highest score is then defined by multiplying the Technical Proposal score by a ratio of the combined Guaranteed Maximum Prices for Bridge Enterprise and non-Bridge Enterprise GMPs as defined in the ITP divided by the Proposer's Price.

$$\text{re: Technical Proposal Score} \times (\text{BE GMP} + \text{Non-BE GMP}) / [\text{Submitted Proposer's BE Price} + \text{Submitted Proposer's Non-BE Price}] = \text{TOTAL Score}$$

The Proposer with the highest score will then be determined to have the Best Value Proposal and will be selected by CDOT.

2.9 Authorization of Proposal Evaluation Board (Executive Oversight Committee)

The CDOT Project Director will present the selection results to the project's Executive Oversight Committee and recommend that it authorize Award, negotiations, Best and Final Offers (BAFO), or rejection of all Proposals, as follows:

2.9.1 Award Without Negotiations

The CDOT Project Director may request Award of the Contract without negotiations to the Proposer with the Best Value Proposal.

2.9.2 Negotiations

The CDOT Project Director may request authorization to proceed with negotiations prior to Award. Such negotiations shall be limited to allocation of the Guaranteed Maximum Price among the various Work Breakdown Structure (WBS) items desired by CDOT, inclusion of one or more AREs, or any factors affecting the Project which have become known after the date of issuance to the last Addendum to this RFP.

2.9.3 Best and Final Offers

If two Proposals are submitted with the Upset Price/Guaranteed Maximum Price defined in Book 1 and submitted/signed on Form J, CDOT does not intend to request BAFOs, but reserves the right to do so. If only one or no Proposal is submitted with the Proposal Price Form J signed, CDOT may also request BAFOs.

If the CDOT Project Director determines discussions are necessary, the CDOT Project Director may request authorization to enter into discussions with the Proposers, revise the RFP, and request BAFOs.

At the conclusion of the discussions, a final common cut-off date, which allows a reasonable opportunity for submission of written final revisions, will be established and those Proposers

selected to remain will be notified to submit Proposal revisions. CDOT will consider the revised information and reevaluate and revise ratings as appropriate.

2.9.4 Rejections of Proposals

CDOT may reject all Proposals without BAFOs.

3.0 PROPOSAL REQUIREMENTS

3.1 Volume I – Executive Summary

The Proposer shall submit an Executive Summary limited to no more than 15 - 8.5x11 inch pages, inclusive of text, photographs, and/or renderings. The Executive Summary shall contain sufficient information to familiarize reviewers with the Proposer's Project approach and its ability to satisfy the legal and financial requirements of the Contract. The Proposer is encouraged to highlight in the Executive Summary those items that, in the opinion of the Proposer, represent added value by exceeding the RFP requirements and Project goals and may distinguish its Proposal from those of other Proposers.

The Executive Summary shall include a brief and comprehensive summary of pertinent information from each Volume of the Proposal, as follows:

1. Proposal Overview Statement. A summary of the Proposal organization and contents. Include a table of contents of the Proposal that has page numbers identified.
2. Proposer Information and Certifications. A summary of the legal structure of the Proposer, agreements among the Proposer team members, and any legal commitments to the Project.
3. Technical Proposal. A summary of the Proposer's Technical Proposal. Include a brief discussion of the benefits associated with implementing any ATCs/ACCs and AREs incorporated in the Technical Proposal.

The Executive Summary shall be suitable for presentation to, and for review by the Project Executive Oversight Committee and other Project Stakeholders. The Executive Summary may be released to the media after Award of the Contract. Therefore, sensitive or confidential information that may be misused, misconstrued, or misrepresented should not be included or discussed in the Executive Summary.

3.2 Volume II – Proposer Information and Certifications

3.2.1 Proposal Letter

The Proposer shall submit a Proposal letter using Form A.

3.2.2 Information About Proposer Organization

The Proposer shall include Form B for the Proposer and for each Major Participant with modifications as appropriate for each Major Participant.

3.2.3 Changes in Proposer's Organization; Changes from Statement of Qualifications

The Proposer shall describe any changes in the Proposer's organization since the SOQ submittals, including Key Personnel or Major Participants (see additional information below), and shall include Form I and submit a copy of CDOT's Approval letter for each such change.

3.2.4 Non-Collusion Affidavit

The Proposer shall submit Form C certifying that the Proposal is not the result of and has not been influenced by collusion.

3.2.5 Buy America Certifications

The Proposer shall submit Form D.

3.2.6 Debarment, Suspension, Ineligibility, and Voluntary Exclusion

Form E shall be completed by the Proposer and Major Participants and shall be submitted with the Proposal. Form E, with respect to Subcontractors and others than the Proposer and Major Participants, may be submitted up to 10 Days after the Proposal Due Date or after the subcontract has been executed.

3.2.7 Use of Contract Funds for Lobbying

The Proposer shall submit Form F regarding use of Contract funds for lobbying.

3.2.8 Equal Employment Opportunity

Form G shall be completed by the Proposer and Major Participants and shall be submitted with the Proposal. Form G, with respect to Subcontractors and others than the Proposer and Major Participants, may be submitted up to 10 Days after the Proposal Due Date or after the subcontract has been executed.

3.2.9 Authorization Documents

3.2.9.1 Organizational Documents

The Proposer shall provide a copy of the articles of incorporation and bylaws, the joint venture agreement, partnership agreement, limited liability company operating agreement, or equivalent organizational documents for the Proposer and each Major Participant. The documents shall be consistent with the responsibilities to be undertaken by the Proposer and Major Participants under the Contract.

3.2.9.2 Evidence of Good Standing and Qualification to do Business

If the Proposer is a corporation or limited liability company, the Proposer shall provide evidence that the Proposer is in good standing in the state of its incorporation/organization and of current qualification to do business in the State of Colorado. If the Proposer is a joint venture or partnership, the Proposer shall provide the foregoing evidence for each member of the joint venture or each general partner.

3.2.9.3 Authorization to Bind Proposer

The Proposer shall provide evidence in the form of a certified resolution of its governing body and, if the Proposer is a partnership, joint venture or limited liability company, of the governing bodies of the Proposer's general partners, joint venture partners, or members, evidencing the capacity of the person(s) signing the Proposal to bind the Proposer should CDOT elect to accept it without negotiations or Best and Final Offers (BAFO).

The Proposer shall also provide appropriate evidence regarding the authority of any designated individual(s) to sign the certificates required by this RFP on behalf of the Proposer. Such authorization may take the form of a certified copy of corporate or other resolution(s) authorizing the same.

3.2.9.4 Authorization to Negotiate

The Proposer shall provide appropriate evidence regarding authorization of one or more individuals to participate in the negotiation process described herein and make binding commitments to CDOT in connection with this RFP. Such authorization may take the form of a certified copy of corporate or other resolution(s) authorizing the same.

3.2.9.5 Joint and Several Liability

If the Proposer is a joint venture, partnership, or limited liability company, the Proposer shall provide a letter from each partner or member of the joint venture or limited liability company stating that the respective partner or member of the joint venture or limited liability company agrees to be held jointly and severally liable for any and all duties and obligations of the Proposer under the Proposal and under any Contract or other agreement arising therefrom.

3.2.10 Escrow Agreement

The Proposer shall deliver with its Proposal three signed originals of the Escrow Agreement on Form H. The Proposer shall also deliver the Escrowed Proposal Documents (EPD) per Form H, and as specified in the Escrow Agreement, by 10:00 a.m. Mountain Time on the EPDs Due Date, as specified in the Procurement Schedule. The CDOT Project Director and the Proposer can agree to a different method of providing EPDs to CDOT.

3.3 Volume III – Technical Proposal

The Technical Proposal submission requirements are outlined in detail in Section 4 below including Form J, M, Q, Form P, Form R, and Form I.

Suggested page limits for the Technical Proposal sections are identified in Section 4, below. The Proposer has the flexibility to provide more or fewer pages than the suggested page limits for the Technical Sections, but shall not exceed the 150 pages total for the Technical Proposal, not including the above forms.

3.4 (Reserved)

3.5 Approved ACCs and ATCs

ATCs and ACCs, if incorporated into the Proposal, shall be included with the Proposal Volume III. The Proposer shall provide CDOT's ATC/ACC Approval letters or comments with the Proposal.

3.6 Price Information

3.6.1 Price Information (Form J)

The Proposer shall indicate a breakdown of the pricing as indicated on Form J. Prices submitted on the pricing forms must be fixed prices.

The Proposer is advised that the Work Breakdown Structure (WBS) items on Form J encompass all of the Work, including all AREs included in the Proposal, although the WBS descriptions may not specifically identify each element of the Work.

The Proposer may revise Form J to:

1. Add WBS activities.
2. Specifically identify each ARE included in the Proposal.
3. Include ATCs and ACCs included in the Proposal.
4. Provide a Proposer's Price (change the term Contract Price to Proposer's Price and provide a revised amount on Form J that is less than the Guaranteed Maximum Price if the Proposer has included all AREs in its Proposal).

The Proposer shall provide a comment on Form J or attach an explanation describing the reasons for each revision. Except as provided in this paragraph, the Proposer shall not revise Form J.

3.6.2 Disadvantaged Business Enterprises/Subcontracting and Small Business Requirements

The Proposer shall comply with the Disadvantaged Business Enterprises (DBE) and Emerging Small Business (ESB) requirements contained in Book 1, and shall submit the required information and forms.

3.6.3 Proposal Bond

The Proposer shall submit a Proposal Bond in the sum and in the form set forth in Form L. The Proposal Bond shall be issued by a fully qualified surety company meeting the requirements set forth in Book 1.

3.7 Volume VI – Options Proposal

- NOT APPLICABLE TO THIS PROJECT-

4.0 TECHNICAL PROPOSAL CONTENTS AND EVALUATION CRITERIA

In order to complete the Work for this Project, the following prioritized goals have been identified for execution of the Project:

1. Manage impacts during construction.
 - Project Duration
 - Project Phasing
 - Railroads
2. Maximize the use of available funds in the reconstruction of the US 6 Corridor as described in the I-25 Valley Highway FEIS Record of Decision.
 - Include Additional Requested Elements (AREs)
 - Price to complete
3. Demonstrate a commitment to enhance the established project values.
 - Maximize safety of the workers and traveling public
 - Quality
 - Environmental
 - Project Communications Plan
 - Equal Employment and Work Force Development

These goals are the basis for the Technical Proposal contents and evaluation.

4.1 Section One - Manage impacts during construction.

- Project Duration
- Project Phasing
- Railroads

4.1.1 Submittal Requirements

1. Narrative describing commitments to expedite completing key milestones of Work associated with the Project, including those for the City and County of Denver Public Works and Parks/Recreation facilities. **(Limit of 5 pages suggested)**
2. Project Completion Deadlines (Form P)
3. Project phasing plans with associated narrative to substantiate the basis for the proposed phasing including:

- A. Provide a Traffic Management Plan that includes the following (**Limit of 25 pages suggested**):
 - a. Construction phasing plans, along with a narrative description, for each major phase change to traffic that involves closure of lanes on mainline US 6 and/or I-25, ramps, cross streets, and other roads. Include a color-coded phasing index map for each section and phase, using 11x17 plan format for the plans, and including the following:
 - Closure of any and all US 6 and/or I-25 mainline lanes, while maintaining the minimum required number of general purpose lanes at all times.
 - Closure of ramp lanes and associated planned detour routes .
 - Closures of lanes on cross streets, and other roads, with associated planned detours.
 - Proposed detour routes
 - B. Commitments to the following key elements (**Limit of 5 pages suggested**):
 - a. Number and duration of all closures of lanes on mainline, ramps, cross streets, and other roads. The process to produce MOT Plans, including development, implementation, monitoring, refinement, and maintenance.
 - b. Major strategies that will be implemented to maximize, monitor, and maintain regional mobility.
 - C. Provide approach and commitment to implementation of an Incident Management Plan for the Project (**Limit of 5 pages suggested**).
3. Proposer’s plan to complete and facilitate executing the Draft CDOT/BNSF RR Contract and PUC application as described in Book 2, Section 6 with narrative of key action elements for coordination of the Work (**Limit of 5 pages suggested**).

4.1.2 Points Available for Section One

SECTION ONE

Manage impacts during construction	Maximum Points
<ul style="list-style-type: none"> • Project Duration • Project Phasing • Railroads 	14
	13
	13
Subtotal Points:	40

4.1.3 Evaluation Criteria

- 1. Project Duration

Form P – Project Completion Deadlines, and accompanying narrative, will be evaluated to determine the Proposer’s commitment/credibility to meet the Project Completion Deadline, including key milestones provided in the accompanying narrative
- 2. Project Phasing

The Traffic Management Plan will be evaluated based on its quantitative and qualitative characteristics, including:

 - Quality and effectiveness of the phasing plan.

- Number and duration of all closures of lane(s) on mainline, ramps, cross streets, and other roads.
- Utilization of detours.
- Maintaining business, property owner, and pedestrian access.
- Innovative approach and commitments to incident management as would be set forth in the Proposer's Incident Management Plan for the Project.

4.2 Section 2 - Maximize the use of available funds in the reconstruction of the US 6 Corridor as described in the I-25 Valley Highway FEIS Record of Decision.

- Include Additional Requested Elements (AREs)
- Price to complete – Include completed Form J (Guaranteed Maximum Price Allocation Form)

4.2.1 Submittal Requirements

1. Basic Configuration (Limit of 75 pages suggested)

- A. Provide Basic Configuration drawings at 1 inch equals 100 or 200 feet scale showing all major Work elements for the Project, including AREs included in the Proposal. Provide 11x17 plan format, color as appropriate. Drawings shall show the following items at a minimum:
- Project limits
 - Existing topography (aerial is acceptable)
 - Lane configuration plan for mainline, ramps, and cross streets
 - Interchange modifications and improvements
 - Lane transitions, including transitions back to the existing lane configurations at the Project limits
 - Extent of improvements on non-US 6 roadways
 - Bridges, retaining walls, and any potential noise walls
 - Bikeways
 - Major drainage structures
 - Detention and water quality ponds
 - Major Utility Relocations
 - Horizontal/vertical alignments and ramp geometry
 - Barnum Park East Conceptual Layout Drawings
- B. Provide a narrative that describes the Basic Configuration elements. Include in the narrative a discussion of key elements, such as pavements, earthwork, Bikeways, major drainage structures, storm sewers, Bridge Structures, retaining walls, and potential noise walls.
- C. Provide a narrative that describes how the Bikeway, trails and Barnum Park elements included in the Basic Configuration maximize mobility and recreational aspects of the Project.
- D. Provide a narrative with exhibits that describe the Basic Configuration aesthetic treatments approach and commitments for application to Bridge Structures, retaining walls, and potential noise walls.
- E. Complete Form R showing additional design exceptions necessary because of the Proposer's design of the Project (see Book 2, Section 13, for identified design exceptions).

REQUEST FOR PROPOSAL – US 6 BRIDGES DESIGN-BUILD PROJECT
INSTRUCTIONS TO PROPOSERS

2. Additional Requested Elements (AREs), Approved ATCs, ATCs with conditions, Approved ACCs, and ACCs with conditions that may modify the AREs or the Basic Configuration.
 - A. Complete Form Q showing the AREs included in the Proposal.
 - B. Provide a narrative describing the scope of each ARE included in the Proposal. Include descriptions of major Work elements and any other distinguishing features of the design, including any Approved ATCs, ATCs with conditions, Approved ACCs, and ACCs with conditions that may modify the AREs. Use 11x17 format for any plans.
3. Operating and life cycle maintenance costs (**Limit of 5 pages suggested**)
 - A. General approach and commitments for minimizing operating and life cycle maintenance costs of mainline US 6 and I 25 pavement, ramp and cross road pavement, structures, and other Project elements as deemed appropriate by the Proposer.
 - B. Provide Pavement Definition drawings at 1 inch equals 200 feet scale format of the Project showing the paved areas and limits of each proposed pavement type/section. Use 11x17 plan format for the plans, colored as appropriate. Provide a narrative that provides an explanation of the Proposed pavement design, materials, and construction approach and relative aspects towards operating and life cycle maintenance costs. (**Limit of 10 pages suggested**)
 - C. Structures: Provide 11x17 plan format for drawings and a narrative that includes the following (**Limit of 50 pages suggested**):
 - a. List/show bridges and box culverts that will be replaced or rehabilitated/widened within the proposed Project limits
 - b. Conceptual assessment of maintenance cost and ease of re-decking, inspection, and maintenance for all new structures
 - c. Proposed methods of construction or rehabilitation
 - d. General plan and elevation drawings of each Bridge Structure showing the following:
 - Structure type
 - Preliminary deck thickness
 - Redundancy / Fracture Critical Members
 - Typical cross sections
 - Minimum vertical clearances to roadways and railroads being crossed
 - Span lengths and relationship to roadways and railroads being crossed
 - Foundation types and bearing materials
 - Proposed wearing surface and the allowance for future wearing surfaces and deck replacement
 - e. For rehabilitated (if any) structures, identify members that will remain in place and the estimated remaining service life according to Book 2 requirements
 - f. Maintenance requirements for graffiti removal, staining requirements, etc.
 - g. For retaining and potential noise walls, provide the following:
 - Identification of each wall type
 - General plan location and typical sections for each wall including anticipated minimum/maximum heights.
 - h. Other Project elements that will minimize operating and maintenance costs.
4. Price to complete (Form J)

4.2.2 Points Available for Section Two

SECTION TWO

Maximize the use of available funds in the reconstruction of the US 6 Corridor as described in the I-25 Valley Highway FEIS Record of Decision.	Maximum Points
<ul style="list-style-type: none"> • Include Additional Requested Elements (AREs) (re: Book 2, Section 1) for subcategories of: <ul style="list-style-type: none"> - Roadway - Structure - CCD Parks and Recreation • Price to complete (Form J) 	<p>14</p> <p>13</p> <p>13</p> <p>- See below-</p>
Subtotal Points:	40

4.2.3 Evaluation Criteria

1. The AREs will be evaluated to determine their ability to meet or exceed the Project Goals as included in the proposed Basic Configuration based on qualitative and quantitative benefits, including:
 - A. Refinement of the Basic Configuration, and its associated elements as specified in the Submittal Requirements, to optimize the available Project budget by providing maximum improvements.
 - B. Number of AREs described in Book 2 – Section 1 that are included in the Proposal as follows:
 - A score applied as follows:
 - multiplying each of the maximum points shown above for each subcategory (re: Roadway, Structure, and CCD Parks and Recreation) by a ratio of the corresponding total number of AREs submitted by the Proposer in Form Q in each subcategory, divided by the total corresponding number of AREs listed in Book 2, Section 1 for each subcategory, and totaling the resulting individual subcategory scores;
 - re:
 - $[[\text{number of Roadway AREs submitted}/\text{total number of Roadway AREs in Book 2 Section 1}] \times \text{maximum subcategory points above for Roadway AREs}] +$
 - $[[\text{number of Structure AREs submitted}/\text{total number of Structure AREs in Book 2 Section 1}] \times \text{maximum subcategory points above for Structure AREs}] +$
 - $[[\text{number of CCD Parks and Recreation AREs submitted}/\text{total number of CCD Parks and Recreation AREs in Book 2 Section 1}] \times \text{maximum subcategory points above for CCD Parks and Recreation AREs}] =$
 - TOTAL Score for AREs.
2. Price to complete as described in Sections 2.8 and 4.2.3 of this ITP.

4.3 Section 3 - Demonstrate a commitment to enhance the established project values.

- Maximize safety of the workers and traveling public
- Quality
- Environmental
- Project Communications Plan
- Equal Employment and Work Force Development

4.3.1 Submittal Requirements

1. Long-term safety improvement approach and commitments (**Limit of 5 pages suggested**).
 - A. Provide approach and commitments to installation of permanent safety features within the Project.
 - B. Provide the Proposers long-term approach to safely accommodating maintenance personnel within the Project.
 - C. Provide approach and commitments for the Safety Management Plan to eliminate or control risks to personnel, the general public, and environment
2. Approach and commitments for the Quality Program (**Limit of 5 pages suggested**) .
 - A. Provide Quality policy approach and commitments.
 - B. Provide Quality planning approach and commitments.
 - C. Provide Quality Assurance approach and commitments (highlighting inspection approach and proposed hold points).
 - D. Provide Quality improvement approach and commitments.
 - E. Provide a Quality resources loading curve depicting resource commitments of Quality personnel during the duration of the Project.
3. Environmental compliance approach and commitments (**Limit of 5 pages suggested**).
 - A. Provide approach and commitments to minimizing and mitigating impacts to wetlands and water quality during construction, including the use of Best Management Practices (BMPs).
 - B. Provide approach and commitments to minimizing and mitigating impacts to riparian areas during construction.
 - C. Provide approach and commitments to controlling construction noise.
 - D. Provide approach and commitments to controlling dust and debris during construction.
 - E. Provide an approach to address those aspects unique to the Proposal that require additional environmental clearances
4. Project Management/Communications Plan (**Limit of 5 pages suggested**).
 - A. Provide detailed organization chart.
 - B. Provide Project communication and management processes, including internal (Contractor) and external to the owner and all interested (e.g., CDOT, Local Agencies, and Utilities) stakeholders.
 - C. Provide approach to partnering (including conflict and dispute escalation and resolution process).
5. Provide Proposed Equal Employment and Work Force Development Plan according to requirements of Book 1 (**Limit of 5 pages suggested**).

4.3.2 Points Available for Section Three

SECTION THREE

Demonstrate a commitment to enhance the established project values.	Maximum Points
Maximize safety of the workers and traveling public	5
Quality	5
Environmental	4
Project Communications Plan	3
Equal Employment and Work Force Development	3
Subtotal Points:	20

4.3.3 Evaluation Criteria

1. Safety Commitments
 - A. The effectiveness of approach and commitments to provide permanent safety improvements throughout the corridor.
 - B. The effectiveness of approach and commitments to provide safety of the maintenance personnel during long-term maintenance of the corridor.
 - C. Effectiveness of the Proposer’s Safety Management Plan
2. Quality Management Plan
 - A. The effectiveness of the approach and commitments to a Quality policy that will meet the Project Goals and the requirements of the Contract Documents.
 - B. The effectiveness of the quality planning approach to establish, document, implement, and maintain a Quality Management System in accordance with the requirements of the Contract Documents.
 - C. The effectiveness of the approach to establish and implement a Quality Assurance Program to perform reviews, inspections, testing, and corrective action procedures and documentation, including the approach to materials testing and inspection reports and management of hold points, and how it will be utilized to monitor compliance with the requirements of the Contract Documents.
 - D. The effectiveness of the Quality approach to plan and implement the monitoring, measurement, analysis, and improvement process to continually improve the Quality Program.
 - E. The effectiveness of the approach to commit sufficient resources to coordinate with and involve CDOT and its representatives in the Quality process.
3. Environmental Compliance Plan
 - A. The effectiveness of approach and commitments to continuously minimize and mitigate impacts to wetlands and water quality during construction, including the utilization of BMPs.
 - B. The effectiveness of approach and commitments to mitigating and controlling construction impacts, including noise, dust, debris, and construction vehicle use of public streets.
 - C. Proposer’s approach to address additional environmental clearances
4. Project Management/Communications Plan
 - A. The ability of the project organization to provide appropriately qualified personnel at functional levels of authority and responsibility to execute the management of the design, construction, and Quality Program for the Project.

- B. The effectiveness of the organization to facilitate communication and coordination for the Public Information Plan including:
- a. Within the internal Contractor’s team.
 - b. Between the Contractor’s team and CDOT team
 - c. With third parties (Local Agencies, Utilities, Railroads)
 - d. With other Project Stakeholders including:
 - Providing commitments of innovative strategies, tactics, and solutions to communicating construction activities and coping messages to the public and Stakeholders, including impacted businesses.
 - Providing commitments of the Proposer’s approach to how it will be proactive and flexible in identifying and responding to concerns of the public, Stakeholders, and impacted businesses throughout the progress of the Project.
 - Providing approach and commitments to keeping CDOT informed of its communication efforts with the public and Stakeholders.
 - Providing approach and commitments related to releasing information, including construction schedules, maintenance of traffic, road closures, access plans, and width restrictions.
 - e. Public Involvement Plan
 - The Public Involvement Plan will be evaluated based on a plan that describes quantitative and qualitative characteristics for:
 - The strategies, tactics, and solutions to communicating construction activities and coping messages to the public stakeholders, and impacted businesses throughout the duration of the Project.
 - The Proposer’s commitment to being proactive and flexible in identifying and responding to the concerns of the public, Stakeholders, and impacted businesses throughout the duration of the Project.
 - The Proposer’s approach to keeping CDOT involved with communication efforts.
 - The Proposer’s approach and performance commitments related to releasing information regarding the Project.
 - The Proposer’s crisis communication approach and commitments.
- C. The effectiveness of the Contractor’s management philosophy and partnering approach to resolving disagreements, conflicts, and disputes with CDOT as it relates to the project.
5. Equal Employment and Work Force Development in conformance to requirements in Book 1.

4.4 Scoring Sections One, Two, and Three

The “Adjective Ratings” and “Percent of Points Available,” exclusive of the pass/fail components, to be used for scoring Sections One, Two, Three, Four, and Five of the Technical Proposal are listed below:

REQUEST FOR PROPOSAL – US 6 BRIDGES DESIGN-BUILD PROJECT
INSTRUCTIONS TO PROPOSERS

Adjective	Description	Percent of Max. Score
Excellent (E)	Proposal supports an extremely strong expectation of successful Project performance if ultimately selected as the Contractor. Proposal indicates significant strengths and/or a number of minor strengths and no weaknesses. Proposer provides a consistently outstanding level of quality.	100 - 90 %
Very Good (VG)	Proposal indicates significant strengths and/or a number of minor strengths and no significant weaknesses. Minor weaknesses are offset by strengths. There exists a small possibility that, if ultimately selected as the Contractor, the minor weaknesses could slightly affect successful Project performance adversely.	89 - 75 %
Good (G)	Proposal indicates significant strengths and/or a number of minor strengths. Minor and significant weaknesses exist that could detract from strengths. While the weaknesses could be improved, minimized, or corrected, it is possible that if ultimately selected as the Contractor, the weaknesses could adversely affect successful Project performance.	74 - 51 %
Fair (F)	Proposal indicates weaknesses, significant and minor, which are not offset by significant strengths. No significant strengths and few minor strengths exist. It is probable that if ultimately selected as the Contractor, the weaknesses would adversely affect successful Project performance.	50 - 25 %
Poor (P)	Proposal indicates existence of significant weaknesses and/or minor weaknesses and no strengths. Proposal indicates a strong expectation that successful performance could not be achieved if submitter were selected as the Contractor.	24 - 0 %

5.0 PROCUREMENT REQUIREMENTS

5.1 Receipt of Request for Proposals Documents and Other Notices

The Proposer shall notify CDOT in writing of any changes in the addressee for any notices or Addenda to be sent to the Proposer by CDOT. Failure to notify CDOT may result in the Proposer failing to receive Addenda or other important communications from CDOT, for which CDOT shall not be responsible.

5.2 Examination and Interpretation of Request for Proposals Documents

The Proposer shall be solely responsible for examining, with appropriate care, the RFP Documents, including any Addenda issued, and for informing itself, with respect to any and all conditions that may in any way affect the amount or nature of the Proposal or the performance of the Work in the event of Award. Failure of the Proposer to so examine and inform itself shall be its sole risk and CDOT will provide no relief for error or omission.

The Proposer shall be responsible for:

1. At its election, submitting comments on the Form of Contract
2. Requesting clarification or interpretation of any material discrepancy, deficiency, ambiguity, error, or omission contained therein, or of any provision which the Proposer otherwise fails to understand.

Any such comments or requests shall be submitted in writing to:

Kevin Sullivan, Project Director
c/o Hartwig & Associates, Inc.
188 Inverness Drive West
Suite 675
Englewood, CO 80112

Written RFCs and RFIs must arrive no later than the date shown in the Procurement Schedule, provided that requests in connection with an Addendum must arrive no later than 5 Days after issuance of the Addendum. E-mailed comments or requests are allowed as long as an original, signed letter is submitted no later than 2 Days after the date of the e-mail.

If CDOT determines, in its sole discretion, that such comments or clarifications require a change to the RFP Documents, CDOT will prepare and issue an Addendum. CDOT will not be bound by, and the Proposer shall not rely on, any oral communication regarding the RFP Documents. If the Proposer has meetings or discussions with other agencies or entities during the procurement phase, the Proposer shall be responsible for verifying any information received from such meetings or discussions with CDOT.

5.3 Addenda

CDOT reserves the right to revise the RFP Documents. Such revisions, if any, will be announced by addenda to the RFP Documents (“Addenda”). CDOT will also identify questions received from Proposers and answers given by CDOT (“Questions and Answers”). Copies of Addenda and Questions and Answers will be furnished to all short-listed firms.

If any Addendum includes changes that significantly impact this RFP, as determined in CDOT’s sole discretion, CDOT may set a new Proposal Due Date. The announcement of such new date, if any, will be included in the Addendum.

The Proposer shall acknowledge in its Proposal Letter (Form A), receipt of all Addenda. Failure to acknowledge receipt of all Addenda may cause the Proposal to be deemed non-responsive and be rejected.

5.4 (Reserved)

5.5 Improper Conduct

If the Proposer, or anyone representing or acting on behalf of or at the direction of the Proposer, offers or gives any advantage, gratuity, bonus, discount, bribe, or loan of any sort to CDOT, including agents or anyone representing CDOT at any time in connection with this RFP or the Contract, CDOT shall immediately disqualify the Proposer, claim the Proposal Bond, and may sue the Proposer for damages.

5.6 Withdrawal of Proposal After Proposal Due Date

The Proposer understands and agrees that if the Proposer withdraws all or any part of its Proposal within 60 Days after the Proposal Due Date without the written consent of CDOT, the Proposer shall forfeit its Proposal Bond and will be disqualified from receiving a stipend.

5.7 Responsive Proposal

The Proposer shall provide responses to all information requested in this RFP for the Proposal. Failure to provide the requested information may result in CDOT, at its sole discretion, determining that a Proposal is non-responsive and should be rejected. A Proposal will be considered non-responsive if it seeks to qualify or change any of the terms and conditions of the

Contract; to limit or modify the bonds, insurance, or warranties required; or if the Proposal Bond is not provided.

5.8 Stipend

CDOT has determined that it is appropriate to Award a stipend to the unsuccessful responsible Proposers that provide a fully responsive, but unsuccessful Proposal (including all Best and Final Offers [BAFO], if any) that is deemed acceptable by CDOT. The amount of the stipend shall be \$120,000.00 and shall be provided to such Proposer within 90 Days after Award of the Contract.

The submission of a Proposal to an RFP does not constitute the Proposer's acceptance of the stipend as full payment for all technical solutions and design concepts contained in the Proposal. The Proposer shall have the option of refusing the stipend and not transferring ownership of all technical solutions and design concepts contained in the Proposal. If the Proposer accepts that stipend, CDOT will be entitled to use any and all concepts, ideas, ACCs, ATCs, and information contained in the Proposals without limitation or in connection with a subsequent procurement for the Project or any other project, without any obligation to pay any additional compensation, consideration, or value to the unsuccessful Proposers.

In no event shall any Proposer that is selected for Award but fails to satisfy the Award conditions set forth in "Section 6, Contract Execution", below, be entitled to receive a stipend.

Notwithstanding the foregoing, if the second-highest ranked Proposer becomes the selected Contractor as a result of the failure of the higher-ranked Proposer to comply with the Award conditions set forth in "Section 6 Contract Execution", such Proposer shall no longer be entitled to the stipend

5.9 Ownership of Proposals

All documents submitted by the Proposer in response to this RFP shall become the property of CDOT and will not be returned to the Proposer. The concepts and ideas in the information contained in the Proposal, including any proprietary, trade secret, or confidential information (exclusive of any patented concepts or trademarks) submitted by the Proposer, shall also become the property of CDOT if: 1) submitted by the successful Proposer upon Award and execution of the Contract; and 2) if submitted by an unsuccessful Proposer upon payment of the stipend.

5.10 Colorado Open Records Act

Except for the Escrowed Proposal Documents (EPD), as defined in Section 5.12, below, all records, documents, drawings, plans, specifications, and other materials relating to the conduct of CDOT business, including materials submitted by Proposers, are subject to the provisions of the Colorado Open Records Act (C.R.S. sections 24-72-101, et seq.) and any other laws and regulations applicable to the disclosure of documents submitted under this RFP. Such laws govern CDOT's use and disclosure of records.

During the Proposal process, including any BAFOs and negotiation period, CDOT will accept materials clearly and prominently labeled "PROPRIETARY," "TRADE SECRET," or "CONFIDENTIAL" by the Proposer. Any such proprietary information, trade secrets, or confidential commercial and financial information that a Proposer believes should be exempted from disclosure shall be specifically identified and marked as such. Blanket, all-inclusive identifications by designation of whole pages or sections as containing proprietary information, trade secrets, or confidential commercial or financial information shall not be permitted and shall be deemed invalid. CDOT will advise the Proposer of any request pursuant to the Colorado Open Records Act and any other applicable laws for the disclosure of any material properly

labeled as proprietary, trade secret, or confidential so as to allow the Proposer the opportunity to protect such materials from disclosure. Under no circumstances, however, will CDOT be responsible or liable to the Proposer or any other party for the disclosure of any such labeled materials, whether the disclosure is deemed required by law, by an order of court, or occurs through inadvertence, mistake, or negligence on the part of CDOT or its officers, employees, contractors, or consultants.

CDOT will not advise a Proposer as to the nature or content of documents entitled to protection from disclosure under the Colorado Open Records Act or other applicable laws, as to the interpretation of the Colorado Open Records Act, or as to the definition of trade secret. The Proposer shall be solely responsible for all determinations made by it under applicable laws, and for clearly and prominently marking each and every page or sheet of materials with PROPRIETARY,” “TRADE SECRET,” or “CONFIDENTIAL” as it determines to be appropriate. Each Proposer is advised to contact its own legal counsel concerning the Colorado Open Records Act, other applicable laws, and their application to the Proposer’s own circumstances.

In the event of litigation concerning the disclosure of any material submitted by the Proposer, CDOT’s sole involvement will be as a stakeholder retaining the material until otherwise ordered by a Court, and the Proposer shall be responsible for otherwise prosecuting or defending any action concerning the materials at its sole expense and risk.

5.11 Changes in Proposer’s Organization

If there are any new Major Participants, Key Personnel, or other changes (including deletions) in the Proposer’s organization from those shown in the SOQ, the Proposer shall obtain written Approval of the change from CDOT prior to submitting its Proposal. The last date for Submittal for changes to Key Personnel or Major Participants is the Last Date for Proposer Submittals of Request for Clarifications per the Procurement Schedule, above. Such requests must be accompanied with the information specified for such entity in the SOQ. If a Major Participant is being deleted, the Proposer must submit such information as may be required by CDOT to demonstrate that the changed Proposer Team, Major Participant, or Key Personnel still meets the SOQ criteria (both pass/fail and qualitative). CDOT is under no obligation to Approve any such changes and may do so in its sole discretion.

5.12 Escrowed Proposal Documents

5.12.1 Format of Escrowed Proposal Documents

The EPDs shall contain information regarding the Proposer’s assumptions made in developing Forms J and K in its Proposal. The Proposer shall submit EPDs in such format as it used in preparing its Proposal.

5.12.2 Review of Escrowed Proposal Documents

All Proposers will deliver EPDs, marked confidential, to CDOT, as identified in the Procurement Schedule, above. Prior to Contract execution (or Contract negotiations, if applicable), the selected Proposer’s EPDs will be reviewed to determine completeness. All EPDs will be held in a locked fireproof cabinet kept at a mutually agreed upon location, including but not limited to, with an Escrow Agent. The cabinet shall have two locks, one key held only by the Proposer and one key held only by CDOT. Representatives of CDOT and the Proposer shall review the EPDs prior to Contract execution (or Contract negotiations, if applicable) to determine whether they are complete. Such representatives shall also organize the EPDs, labeling each page so that it is obvious that the page is a part of the EPDs and to enable a person reviewing the page out of context to determine where it can be found within the EPDs; and the representatives shall compile an index listing each document included in the EPDs and briefly describing the document and its location in the EPDs. CDOT will have the right to retain a copy of the index. If,

following the initial organization, CDOT determines that the EPDs are incomplete, CDOT may require the Proposer to supply data to make the EPDs complete. Incomplete EPDs may render the Proposal non-responsive. The EPDs will be available for joint review in conjunction with Contract negotiations, if applicable, and as described in Book 1, Section 22.

5.12.3 Return of Escrowed Proposal Documents

The EPDs will be returned to each unsuccessful Proposer after the Contract is signed with the successful Proposer or if all Proposals are rejected or withdrawn.

5.12.4 CDOT's Acknowledgment

CDOT acknowledges that the EPDs and the information contained therein are being provided to CDOT because such is an express prerequisite to entering into the Contract. CDOT agrees to defend against any Colorado Open Records Act requests that are made to inspect or photocopy EPDs.

5.13 Protests

5.13.1 Protests Regarding Request for Proposal Documents

Any Proposer that is aggrieved in connection with the RFP may protest the terms of the RFP Documents prior to the time for submission of Proposals on the grounds that: 1) a material provision in the RFP Documents is ambiguous; 2) any aspect of the procurement process described herein is contrary to legal requirements applicable to this procurement; or 3) the RFP Documents exceed, in whole or in part, the authority of CDOT.

Protests regarding the RFP Documents shall be filed only after the Proposer has informally discussed the nature and basis of the protest with the CDOT Project Director in an effort to remove the grounds for protest. Written protests regarding the RFP Documents must completely and succinctly state the grounds for protest and shall include, as a minimum, the following:

1. The name and address of the protester
2. Appropriate identification of the procurement by bid or Award number
3. A statement of the reasons for the protest
4. All available exhibits, evidence, or documents substantiating the protest

Protests regarding the RFP Documents shall be filed by hand-delivery to the CDOT Project Director:

Kevin Sullivan, Project Director
c/o Hartwig & Associates, Inc.
188 Inverness Drive West
Suite 675
Englewood, CO 80112

The protests shall be delivered within 7 Working Days after the protester knows or should have known of the facts giving rise to the basis for the protest. The protester shall post a bond payable to CDOT in accordance with 2 CCR 601-15, § 22, Protests. The Proposer is responsible for obtaining proof of delivery.

No hearing will be held on the protest, but the CDOT Chief Engineer or his designee shall decide on the basis of the written submissions. Any additional information regarding the protest should be submitted within the time period requested to expedite resolution of the protest. If any party fails to comply expeditiously with any request for information by the CDOT Chief Engineer or his designee, the protest may be resolved without such information. The CDOT Chief Engineer or his designee will issue a written decision regarding the protest within 7 Working Days after the protest is filed. The decision shall be based on and limited to a review of the

issues raised by the aggrieved Proposer(s) and shall set forth each factor taken into account in reaching the decision. The decision shall inform the protesters of their right to appeal administratively or judicially in accordance with C.R.S. §§ 24-109-201-206. The decision is subject to appeal de novo to the Executive Director of CDOT or his designee, or to the District Court for the City and County of Denver. No stay of procurement will become effective.

If necessary to correct any error, omission, or ambiguity identified by the protest, CDOT will make appropriate revisions to the RFP Documents by issuing an Addendum. The failure of a Proposer to establish a basis for a protest regarding the RFP Documents shall preclude consideration of that basis in any protest of a selection, unless such basis was not and could not have been known to the Proposer in time to protest prior to the final date for such protests. CDOT may extend the Proposal Due Date, if necessary, to include any such protest issues.

5.13.2 Protests Regarding Responsiveness, Best Value Evaluation, or Award

Protests regarding CDOT's approval of changes in a Proposer's organization or decisions regarding responsiveness, best value evaluation rankings, or Award of the Contract must be filed by hand-delivery to the Project Director:

Kevin Sullivan, Project Director
c/o Hartwig & Associates, Inc.
188 Inverness Drive West
Suite 675
Englewood, CO 80112

The protests must be delivered within 7 Working Days after CDOT releases notice of its approval of a change in a Proposer's organization or decision regarding responsiveness, rankings, or Award, as applicable. The protestant shall concurrently file a Notice of Protest with the other Proposers whose addresses may be obtained from the CDOT Project Director. The Notice of Protest shall state with particularity, the grounds of the protest.

The procedures applicable to such protests are set forth in the Design-Build Regulations, 2 CCR 601-15, § 22, and in C.R.S. §§ 24-109-101 through 24-109-404. The CDOT Chief Engineer or his designee is authorized to settle and resolve any protest within 7 Working Days after the protest is filed.

5.14 Ex Parte Communications

During the RFP process, commencing as of the date of this RFP and continuing until Award of the Contract or cancellation of this RFP, no employee, member, or agent of any Proposer shall have any ex parte communications regarding this RFP with any member of CDOT or the Federal Highway Administration (FHWA), their staff, their advisors, or any of their contractors or consultants involved with the procurement, except for communications expressly permitted by this RFP, which exception includes discussions or negotiations between CDOT and the Proposers. Any Proposer engaging in such prohibited communications may be disqualified at the sole discretion of CDOT. The foregoing shall not preclude any Proposer from participating in public meetings.

5.15 Project Rights and Disclaimers

Notwithstanding anything to the contrary contained in this RFP or the Contract, CDOT reserves the right, in its sole discretion, to:

1. Investigate the qualifications of any Proposer.
2. Require confirmation of information furnished by a Proposer.
3. Require additional evidence of qualifications to perform the Work.
4. Reject any or all of the Proposals.

REQUEST FOR PROPOSAL – US 6 BRIDGES DESIGN-BUILD PROJECT
INSTRUCTIONS TO PROPOSERS

5. Issue a new request for Proposals.
6. Cancel, modify, or withdraw the entire RFP, or any part hereof.
7. Issue Addenda, supplements, and modifications to this RFP.
8. Solicit BAFOs from the Proposers.
9. Appoint evaluation committees to review Proposals, and seek the assistance of outside technical experts and consultants in Proposal evaluation.
10. Revise and modify, at any time, the factors it will consider in evaluating responses to this RFP and to otherwise revise or expand its evaluation methodology.
11. Seek or obtain data from any source that has the potential to improve the understanding and evaluation of the responses to this RFP.
12. Waive or permit corrections to data submitted with any response to this RFP.
13. Waive or permit submittal of addenda and supplements to data previously provided with any responses to this RFP.
14. Approve or disapprove changes in the Proposer team or Proposal (a substitution of any of the major participants will be carefully scrutinized and may result in disqualification of the Proposer).
15. Require correction of or waive deficiencies, informalities, and minor irregularities in Proposals; or seek clarifications or modifications to a Proposal.
16. Disqualify any Proposer that changes its submittal without CDOT Approval.
17. Hold the Proposals and Proposal Bonds under consideration for a maximum of 120 Days after the Proposal Due Date until the final Award is made.

This RFP does not commit CDOT to enter into the Contract or any other contract. CDOT assumes no obligations, responsibilities, or liabilities, fiscal or otherwise, to reimburse all or part of the costs incurred or alleged to have been incurred by parties considering a response to and/or responding to this RFP. Except for payment of the stipend to certain Proposers as provided previously, all of such costs shall be borne solely by each Proposer.

In no event shall CDOT be bound by, or liable for, any obligations with respect to the Project until such time (if at all) as a Contract, in form and substance satisfactory to CDOT, has been executed and authorized by CDOT and, then, only to the extent set forth therein.

6.0 CONTRACT EXECUTION

Within 20 Working Days after delivery by CDOT to the successful Proposer of the execution form of Contract, the successful Proposer shall deliver to CDOT the following:

1. Signed Contract (4 executed duplicate originals), together with evidence of the signatory authority of the signatories thereto. All original signatures shall be in blue ink.
2. Approvals of each member or partner of the Proposer of the final form of the Contract.
3. Payment Bond in the form attached hereto as Form N, issued by the surety listed in the Proposal, or an equivalent surety meeting the requirements stated in the Contract, together with evidence of the signatory authority of the signatories thereto.
4. Performance Bond in the form attached hereto as Form O, issued by the surety listed in the Proposal, or an equivalent surety meeting the requirements stated in the Contract, together with evidence of the signatory authority of the signatories thereto.
5. OCIP required under the Contract.
6. Documentation from the Proposer and each major participant that clearly depicts entitlement under the laws of the State of Colorado to undertake and perform the Work. Said documentation shall include copies of construction licenses and evidence that the Proposer or its designated design firm is licensed to carry out the design portion of the Work.
7. Opinion of counsel for the Contractor, which counsel will be Approved by CDOT (which may be in-house or outside counsel, provided that the enforceability opinion shall be

REQUEST FOR PROPOSAL – US 6 BRIDGES DESIGN-BUILD PROJECT
INSTRUCTIONS TO PROPOSERS

provided by attorneys licensed in the State of Colorado), in substantially the form attached hereto as Form M.

Failure to comply with the above may result in cancellation of the Award and forfeiture of the Proposal Bond, in which case CDOT may, but is not obligated to, proceed to Award the Contract to the next highest ranked Proposer. No stipend will be paid to the selected Proposer if the Award is not consummated due to failure of the selected Proposer to provide the items specified herein.

FORM A
COLORADO DEPARTMENT OF TRANSPORTATION
US 6 Bridges Design-Build Project

INSTRUCTIONS TO PROPOSERS

PROPOSAL LETTER

PROPOSER: _____

Proposal Date:

Kevin Sullivan, Project Director
c/o Hartwig & Associates, Inc.
188 Inverness Drive West
Suite 675
Englewood, CO 80112

The undersigned ("Proposer") submits this proposal in response to that certain Request for Proposals (the "RFP") issued jointly by the Colorado Department of Transportation ("CDOT"), referred to herein as "CDOT", dated _____, 2012, to solicit proposals for a Design-Build Contractor ("Contractor") to enter into a Contract (the "Contract") to develop the US 6 Bridges Design-Build Project (the "Project") as more specifically described in the documents provided with the RFP (the "RFP Documents").

If selected by CDOT, Proposer agrees: (a) to negotiate the terms of the Contract Documents with CDOT in good faith and in accordance with the requirements of the RFP, if applicable, and (b) to enter into and perform its obligations as set forth in the Contract Documents, including compliance with all commitments contained in this proposal.

Enclosed herewith, and by this reference incorporated herein and made a part of this Proposal, are the following:

- Volume I Executive Summary
- Volume II Proposer Information and Certifications
- Volume III Technical Proposal, Technical Proposal Drawings, ACCs and ATCs and Price Information

Proposer acknowledges receipt, understanding and full consideration of the following Addenda to the RFP:

[List all Addenda, if applicable]

Proposer certifies that it has carefully examined and is fully familiar with all of the provisions of all of the RFP Documents, and is satisfied that such provisions provide sufficient detail regarding the Work (as defined in the RFP) to be performed and do not contain internal inconsistencies; that it has carefully checked all the words, figures and statements in this proposal; that it has conducted such other field investigations and additional design development which are prudent and reasonable in preparing this proposal, including a thorough review of all of the RFP Documents; and that it has notified CDOT of any deficiencies in or omissions from any RFP Documents or other documents provided by CDOT and of any unusual site conditions observed prior to the date hereof.

Proposer represents that all statements made in the Statement of Qualifications previously delivered to CDOT (as amended and resubmitted) are true and correct as of the date hereof, except as otherwise specified in the enclosed proposal forms. Proposer agrees that such Statement of Qualifications, except as modified by the enclosed proposal forms, is incorporated in such forms as if fully set forth therein.

Proposer agrees that CDOT will not be responsible for any errors or omissions in this proposal.

7.7 Secretary's name: _____

7.8 Treasurer's name: _____

FORM D
BUY AMERICA CERTIFICATION (FHWA)
(To be signed by authorized signatory(ies) of Proposer)

The undersigned certifies that only domestic steel and iron will be used for the construction portion of the Project.

To be considered domestic, all steel and iron used and all products manufactured from steel and iron must be produced in the United States and all manufacturing processes, including application of a coating, for these materials must occur in the United States. Coating includes all processes, which protect or enhance the value of the material to which the coating is applied. This requirement does not preclude a minimal use of foreign steel and iron materials, provided the cost of such materials does not exceed 0.1 percent of the Contract Price.

Date: _____

FORM E

TITLE 49, CODE OF FEDERAL REGULATIONS, PART 29 DEBARMENT AND SUSPENSION CERTIFICATION

(To be signed by authorized signatory of Proposer, each Major Participant)

The undersigned, under penalty of perjury, certifies that, except as noted below, he/she or any other person associated therewith in the capacity of owner, partner, director, officer, manager:

- Is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any federal agency.
- Has not been suspended, debarred, voluntarily excluded or determined ineligible by any federal agency within the past 3 years.
- Does not have a proposed debarment pending.
- Has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any manner involving fraud or official misconduct within the past 3 years.
- Has not within the past 3 years had one or more public transactions (federal, state or local) terminated for cause or default.

If there are any exceptions to this certification, insert the exceptions in the following space.

Exceptions will not necessarily result in denial of Award, but will be considered in determining bidder responsibility. For any exception noted above, indicate below to whom it applies, initiating agency, and dates of action.

Note: Providing false information may result in criminal prosecution or administrative sanctions.

FORM F

CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING *(To be signed by authorized signatory(ies) of Proposer)*

The undersigned certifies, to the best of its knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 USC. § 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The undersigned shall require that the language of this certification be included in all lower tier subcontracts which exceed \$100,000 and that all such recipients shall certify and disclose accordingly.

FORM G

CERTIFICATION OF COMPLIANCE WITH EQUAL OPPORTUNITY CLAUSE REQUIREMENTS

(To be signed by authorized signatories of Proposer and each Major Participant (except as excluded below))

The Proposer certifies that (1) [it/he/she] has _____ has not _____ developed affirmative action programs on file at each establishment pursuant to 41 CFR § 60-4 and (2) [it/he/she] has _____ has not _____, participated in a previous contract or subcontract subject to the equal opportunity clauses, as required by Executive Orders 10925, 11114, or 11246, and that, where required, [it/he/she] has filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance, a Federal Government contracting or administering agency, or the former President's Committee on Equal Employment Opportunity, all reports due under the applicable filing requirements.

Date: _____, 2009

Proposer/Subcontractor Name: _____

Signature: _____

Title: _____

Note: The above certification is required by the Equal Employment Opportunity Regulations of the Secretary of Labor (41 CFR 60-1.7(b)(1)), and must be submitted by Proposers and proposed subcontractors only in connection with contracts and subcontracts, which are subject to the equal opportunity clause. Contracts and subcontracts which are exempt from the equal opportunity clause are set forth in 41 CFR 60-1.5. (Generally only contracts or subcontracts of \$10,000 or under are exempt.)

Currently, Standard Form 100 (EEO-1) is the only report required by the Executive Orders or their implementing regulations.

Proposed prime contractors and subcontractors who have participated in a previous contract or subcontract subject to the Executive Orders and have not filed the required reports should note that 41 CFR 60-1.7(b)(1) prevents the award of contracts and subcontracts unless such contractor submits a report covering the delinquent period or such other period specified by the Federal Highway Administration or by the Director, Office of Federal Contract Compliance, U.S. Department of Labor.

[Duplicate and modify this form as necessary for use by Proposer and each Subcontractor described above.]

FORM H
ESCROW AGREEMENT

THIS ESCROW AGREEMENT (this "Agreement") is made and entered into as of this _____, 2012, by and among the Colorado Department of Transportation ("CDOT"), _____, ("Proposer"), with reference to the following facts:

- A. CDOT has issued a Request for Proposals (the "RFP") for development of the US6 Bridges Design-Build Project (the "Project").
- B. Proposer has submitted to CDOT a proposal (the "Proposal") in response to the RFP.
- C. As part of the Proposal, Proposer is submitting one copy of all information regarding the assumptions made in calculating the prices submitted to CDOT with the Proposal, as required under Section 5.12 of the ITP of the RFP, in separately sealed and labeled boxes ("EPDs").
- D. CDOT and Proposer, upon mutual agreement, may employ the services of Escrow Agent to act as the escrow holder for the limited purposes set forth below. The Escrow Agent has agreed to serve as such escrow holder under the terms and conditions provided in this Agreement. The EPDs may be escrowed at a Banking Institution, or at a mutually agreed secure location.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties hereby agree as follows:

- 1. Deposit. Proposer hereby deposits with Escrow Agent the EPDs. Escrow Agent hereby acknowledges receipt of such EPDs, and such EPDs shall be held in escrow under the terms and conditions of this Agreement.
- 2. Holding of EPDs. Escrow Agent shall hold the EPDs in escrow in a designated area on the premises of Escrow Holder located at _____, on a confidential basis. The EPDs shall be stored in an area that is locked at all times. No third party, including the employees of Escrow Agent, shall be allowed access to any of the EPDs, provided that employees of Escrow Agent shall have access to the locked area for other purposes.
- 3. Release of EPDs. Escrow Agent shall release the EPDs as follows:
 - A. Escrow Agent shall release the EPDs to Proposer, and Proposer shall pick up the EPDs at Proposer's expense, upon delivery by CDOT of a certificate from the US 6 Design-Build Project Director certifying that CDOT has determined not to enter into a contract with Proposer.
 - B. Escrow Agent shall release the EPDs to CDOT at such time as CDOT and the selected Proposer are ready to start Contract negotiations (or upon CDOT's selection of a Proposer if negotiations are not commenced) upon delivery of mutual instructions to Escrow Agent by CDOT and Proposer.
- 4. Representation and Warranty. Proposer represents and warrants to CDOT that, prior to delivery of the EPDs to Escrow Agent, the EPDs were personally examined by an authorized representative of Proposer and that they meet the requirements of the RFP and are sufficient to enable a complete understanding and interpretation of how Proposer arrived at its proposal prices.
- 5. Rights of Escrow Agent. If conflicting demands are made or notices served upon Escrow Agent with respect to this escrow, the parties hereto expressly agree that Escrow Agent shall have the absolute right at its election to do any of the following:
 - A. withhold and stop all further proceedings in, and performance of this escrow;
 - B. file a suit in interpleader and obtain an order from the court requiring the parties to interplead and litigate in such court their several claims and rights amongst themselves;
 - C. deliver all EPDs with seals intact to another location to be selected by CDOT within 30 days after Escrow Agent delivers notice thereof to CDOT.
- 6. Fees. Proposer shall be responsible for any escrow fees.
- 7. Notices. All notices, which may or are required to be given or made by either party hereto to the other shall be in writing. Such notices shall be either personally delivered or sent by registered mail, postage prepaid, to:

If to the Proposer:

Attention: _____

If to CDOT:

Kevin Sullivan, Project Director
c/o Hartwig & Associates, Inc.
188 Inverness Drive West
Suite 675
Englewood, CO 80112

If to the Escrow Agent:

(identify Escrow Agent here if mutually agreed to)

or to such other addresses and such other places as any party hereto may from time to time designate by written notice to the others.

- 8. Counterparts. This Agreement may be executed in one or more counterparts, all of which together shall be deemed an original.
- 9. Headings. The title headings of the respective paragraphs of this Agreement are inserted for convenience only, and shall not be deemed to be part of this Agreement or considered in construing this Agreement.
- 10. Governing Law. The laws of the State of Colorado shall govern this Agreement.
- 11. Attorney's Fees. If either CDOT or Proposer commences or engages in any action by or against the other party directly or indirectly arising out of or in connection with this Agreement, the prevailing party shall be entitled to have and recover from the losing party reasonable attorneys' fees and other costs incurred in the action and in preparation for said action and any subsequent appeal. All parties agree to indemnify and hold Escrow Agent harmless from and against all costs, expenses, and attorneys' fees in connection with any such action.

IN WITNESS WHEREOF, the parties hereto, each intending to be legally bound by this writing, have caused this Agreement to be executed the date first above written.

OPINION OF COUNSEL

[Letterhead of Independent Law Firm or In-house Counsel – Must be licensed to practice in Colorado]

Proposal Date:

Kevin Sullivan, Project Director
c/o Hartwig & Associates, Inc.
188 Inverness Drive West
Suite 675
Englewood, CO 80112

Re: Request for Proposals (“RFP”) for the US 6 Bridges Design-Build Project (the “Project”),
Contract No. _____ (“Contract”); _____ (the “Proposer”)

Gentlemen:

[Describe relationship to Proposer and its joint venture members, general partners, and any other entities whose approval is required in order to authorize delivery of the proposal.] This letter is provided to you pursuant to Section 6.0 of the Instructions to Proposers contained in the RFP.

In giving this opinion, we have examined _____.
We have also considered such questions of law and we have examined such documents and instruments and certificates of public officials and individuals who participated in the procurement process as we have deemed necessary or advisable. [if certificate used/obtained from Proposer, such certificate should also run in favor of CDOT and should be attached to opinion]

In making this response we have assumed that all items submitted to us or reviewed by us are genuine, accurate and complete, and if not originals, are true and correct copies of originals, and that all signatures on such items are genuine.

Subject to the foregoing, we are of the opinion that:

1. [opinion regarding organization/formation and existence of Proposer [if partnership/joint venture, add: and each of its joint venture members and general partners] and that Proposer has corporate power to own its properties and assets, to carry on its business, to enter into the Contract and to perform its obligations under the Contract]
2. [opinion regarding good standing and qualification to do business in State of Colorado for Proposer]
3. [opinion that Contract has been duly authorized by all necessary corporate action on the part of the Proposer and the Contract has been duly executed and delivered by Proposer.]
4. [opinion that the Contract constitutes a legal, valid and binding obligation of the Proposer enforceable against the Proposer in accordance with its terms; if partnership/joint venture, add: and its joint venture members/general partners]

5. [opinion that all required approvals have been obtained with respect to execution, delivery and performance of the Contract; and that the Contract does not conflict with any agreements to which Proposer is a party [if partnership/joint venture, add: and its joint venture members/general partners are a party] or with any orders, judgments or decrees by which Proposer is bound [if partnership/joint venture, add: and its joint venture members/general partners are bound].
6. [opinion that execution, delivery and performance of all obligations by Proposer under the Contract does not conflict with, and is authorized by, the articles of incorporation and bylaws of Proposer [if partnership, replace articles of incorporation and bylaws with partnership agreement and (if applicable) certificate of limited partnership); if joint venture, replace articles of incorporation and bylaws with joint venture agreement; if limited liability company, replace articles of incorporation and bylaws with operating agreement and certificate of formation].
7. [opinion that execution and delivery by the Proposer of the Contract do not, and the Proposer's performance of its obligations under the Contract will not, violate any current statute, rule or regulation applicable to the Proposer or to transactions of the type contemplated by the Contract].

PAYMENT BOND

US 6 Bridges Design-Build Project

Bond No. _____

WHEREAS, the Colorado Department of Transportation ("CDOT") (referred to herein as "Obligee"), have Awarded to _____, a _____ ("Principal"), a Design-Build Contract for the US 6 Bridges Design-Build Project dated as of _____, 2013 (the "Contract"), on the terms and conditions set forth therein; and

WHEREAS, Principal is required to furnish a bond guaranteeing payment of claims as described in C.R.S. sections. 38-26-105 through 38-26-107 concurrently with delivery to Obligee of the executed Contract.

NOW, THEREFORE, Principal and _____, a _____ ("Surety"), an admitted surety insurer in the State of Colorado, are held and firmly bound unto Obligee in the amount of \$____,000,000 (the "Bonded Sum"), for payment of which sum Principal and Surety jointly and severally firmly bind themselves and their successors and assigns.

THE CONDITION OF THIS OBLIGATION IS SUCH THAT, if Principal shall fail to pay any of the persons named in C.R.S. sections. 38-26-105 through 38-26-107, with respect to the Work, then Surety shall pay for the same in an amount not to exceed the Bonded Sum; otherwise this obligation shall be null and void.

The following terms and conditions shall apply with respect to this bond:

1. The Contract Documents (as defined in the Contract) are incorporated by reference herein.
2. No alteration, modification or supplement to the Contract Documents or the nature of the work to be performed thereunder, including without limitation any extension of time for performance, shall in any way affect the obligations of Surety under this bond. Surety waives notice of any alteration, modification, supplement or extension of time.
3. Correspondence or claims relating to this bond should be sent to Surety at the following address:

4. This bond shall inure to the benefit of the persons named in C.R.S. sections 38-26-105 through 38-26-107 so as to give a right of action to such persons and their assigns in any suit brought upon this bond.

IN WITNESS WHEREOF, Principal and Surety have caused this bond to be executed and delivered as of _____, 2013.

PERFORMANCE BOND

US 6 Bridges Design-Build Project

Bond No. _____

WHEREAS, the Colorado Department of Transportation (“CDOT”) (referred to herein as “Obligee”), have Awarded to _____, a _____ (“Principal”), a Design-Build Contract for the US 6 Bridges Design-Build Project dated as of _____, 2013 (the “Contract”), on the terms and conditions set forth therein; and

WHEREAS, Principal is required to furnish a bond guaranteeing the faithful performance of its obligations under the Contract Documents (as defined in the Contract) concurrently with delivery to Obligee of the executed Contract.

NOW, THEREFORE, Principal and _____, a _____ (“Surety”), an admitted surety insurer in the State of Colorado, are held and firmly bound unto Obligee in the amount of \$____,____.00 (the “Bonded Sum”), for payment of which sum Principal and Surety jointly and severally firmly bind themselves and their successors and assigns.

THE CONDITION OF THIS OBLIGATION IS SUCH THAT, if Principal shall promptly and faithfully perform all of its obligations under the Contract Documents, including any and all amendments and supplements thereto, then this obligation shall be null and void; otherwise it shall remain in full force and effect.

The following terms and conditions shall apply with respect to this bond:

1. The Contract Documents are incorporated by reference herein.
2. This bond specifically guarantees the performance of each and every obligation of Principal under the Contract Documents, as they may be amended and supplemented, including but not limited to its liability for Liquidated Damages and Warranties as specified in the Contract Documents, but not to exceed the Bonded Sum.
3. The guarantees contained herein shall survive the final completion of the design and construction called for in the Contract Documents with respect to those obligations of Principal, which survive such final completion.
4. Whenever Principal shall be, and is declared by Obligee to be, in default under the Contract Documents, provided that Obligee is not then in material default thereunder, Surety shall promptly:
 - A. Remedy such default;
 - B. Complete the Project in accordance with the terms and conditions of the Contract Documents then in effect; or
 - C. Select a contractor or contractors to complete all Work for which a notice to proceed has been issued in accordance with the terms and conditions of the Contract Documents then in effect, using a procurement methodology approved by Obligee, arrange for a contract between such contractor or contractors and Obligee, and make available as work progresses (even though there should be a default or a succession of defaults under such contract or contracts of completion arranged under this paragraph), sufficient funds to pay the cost of completion less the unpaid balance of the Contract Price; but not exceeding, including other costs and damages for which Surety is liable hereunder, the Bonded Sum.
5. No alteration, modification or supplement to the Contract Documents or the nature of the work to be performed thereunder, including without limitation any extension of time for

performance, shall in any way affect the obligations of Surety under this bond. Surety waives notice of any alteration, modification, supplement or extension of time.

6. Correspondence or claims relating to this bond should be sent to Surety at the following address:

7. No right of action shall accrue on this bond to or for the use of any entity other than Oblige or its successors and assigns.

IN WITNESS WHEREOF, Principal and Surety have caused this bond to be executed and delivered as of _____, 2013.

Instructions to Proposers - Owner Controlled Insurance Program (OCIP)

General/Overview

See Book 1, Exhibit F for insurance requirements for this project.

The following lines of insurance coverage will be purchased and covered by CDOT and will be included in an OCIP:

- 1) Contractor's Pollution Liability
- 2) Builder's Risk

The successful contractor and their appropriate subcontractors shall enroll and participate in the OCIP in accordance with Book 1, Exhibit F.

The following lines of insurance coverage may be purchased and covered by CDOT and may be included in an OCIP:

- 1) Commercial General Liability
- 2) Excess (Umbrella) Liability
- 3) Worker's Compensation
- 4) Project Professional Liability

The successful contractor and their appropriate subcontractors may be required to enroll in the OCIP in accordance with Book 1, Exhibit F. Prior to award, CDOT will analyze the successful proposal to determine if these lines of coverage will be included in the OCIP.

The following lines of insurance coverage will not be covered by CDOT in an OCIP and are required in accordance with Book 1, Exhibit F and shall be provided by the Contractor:

- 1) Off-site/of location coverage for General Liability and Excess/Umbrella Liability
- 2) Automobile Liability
- 3) Inland Marine/Property-Insurance for the Contractor's equipment or facilities
- 4) Aviation – if warranted
- 5) Environmental/Asbestos Abatement – if warranted
- 6) Railroad protective coverage – if warranted
- 7) Other business-oriented coverage carried by the Contractor within their corporate overhead

The OCIP will not provide coverage for vendors, suppliers, material dealers, haulers and/or independent haulers, or others who merely transport, pick up, deliver, or carry material, parts or equipment or any other items or persons to or from the Project site. Subcontractors providing on site hauling services with dedicated payroll will be considered eligible for enrollment at CDOT's discretion.

Proposal Requirements

Proposals shall be inclusive of all insurance costs of the project necessary to meet the requirements of Book 1, Exhibit F with the exception of Contractors Pollution Liability and Builder's Risk.

As part of their Proposal package, Proposers shall complete and submit form OCIP-A to separate out insurance costs that are included in their Proposal for the following lines of coverage:

- 1) Commercial General Liability
- 2) Excess (Umbrella) Liability
- 3) Worker's Compensation
- 4) Project Professional Liability

Form OCIP-A shall delineate total insurance costs, insurance cost that could be associated with the OCIP and insurance costs that must remain the responsibility of the contractor.

If requested, the successful Proposer shall allow CDOT's Risk Management, Insurance Broker, and Underwriter(s) to review any and all information that was used to complete Form OCIP-A order to confirm the methodology and accuracy of the data and to assure that the insurance costs are within industry standards.

Prior to Award, CDOT at its sole discretion will determine which, if any, lines of coverage will be covered by CDOT in the OCIP. If selected for OCIP, the corresponding line item dollar amounts supplied by the successful proposer will become credits to CDOT.

Immediately following Award, CDOT will create line item deductions (credits to CDOT) for any of the above insurance coverage categories to be included in the OCIP and will be documented in Book 1, Exhibit F which will become an attachment to the final contract. Immediately following Award, the Proposer shall submit a revised cost loaded WBS, in the same format as previously submitted, with the appropriate deductions in cost to each WBS element and sub-element to account for the credits to CDOT associated with the OCIP.

No additional compensation will be made to the Contractor for insurance costs for Change Order work for insurance provided by the OCIP.

Lines of coverage that CDOT has secured under the OCIP meet the requirements of Book 1, Exhibit F.

The Contractor shall be responsible for all or part of the deductible when it or its subcontractor is found to be responsible for an OCIP covered claim in accordance with Book 1, Exhibit F.

Incentive/Disincentive

Incentives totaling up to \$80,000 are available to the successful Proposer for this project.

Incentives depend on OCIP participation, responsiveness and safety performance as described in Book x, Section x.x and will be paid generally as follows:

25%. Responsiveness, accuracy of rates in the worksheets and additional effort between the RFP submittal and contract award.

25%. OCIP enrollment and reporting accuracy and timeliness.

50%. Safety Compliance, Loss Statistics and Experience compared to Loss Expectations documented at the time of award.
